Risk Management Assessment

An objective risk assessment system that provides a numerical value of risk management performance

- The basic system addresses the implementation of management procedures (process)
- Ongoing application allows assessment of outcomes (performance monitoring)

Basic Features

- Transparent
- Objective
- Numerical
- Statistically analysable
- Applicable to performance monitoring
- Adaptable

Adaptability

- Can incorporate self assessment
- Address disparate requirements, such as environmental and financial considerations
- Adapts to a wide range of detail

Potential Outputs

- Environment Management Rating (eg, 5 star rating)
- Farm management rating
- Farm viability risk rating

Applications

- Identifying and prioritising management actions
- Assessing overall viability
- Reducing compliance risks
